

Flocknote & Sign-Up Genius for all open seats at Mass...

We are now using the Flocknote to send up Sign-Up Genius lists for seating at all Masses. This is open to ALL parishioners that have signed up to receive our Flocknote. We will no longer be scheduling through the MSP Program.

We continue to be obedient and follow guidelines from the Archbishop and our Governor and want to allow everyone to attend Mass safely. We appreciate your patience and understanding. Due to the social distancing requirements we are still limited to the number of people who can attend Mass. So, we have five family sections to accommodate families of 3 or more; we also have one large section that accommodates our singles and couples – this section has been expanded and can now seat 20 people total.

VISIT www.stjohnpaul2.org/flocknote to sign-up to receive our Flocknote messages so you can reserve seats. A Flocknote will be sent out at the beginning of the week with a list all seating available for the upcoming weekend. As much as all of us would all like to attend Mass every weekend, we encourage you to not sign up to attend for every weekend.

There is a section for 8 single individuals. Another section for 6 couples. And finally, a section for 4 or 5 families. (Will reserve a family section at some Masses for Sacraments.)

When you sign up for the couples or families section you will only be selecting one (1) section for a couple or a family (Families are 3 or more). For families please note in the comments section how many in your family that will be attending mass.

Finally, as we've been stating throughout all of this, if you have attended mass within the last few weeks please allow other parishioners a chance to sign up to attend mass. If near the end of the week you still see spots available feel free to fill those spots.

Thank you and God bless.
